

IF YOU ONLY KNEW

2016 Lori Franke

I walked outside: I sensed the sun
I shared the news with everyone
You focused on the clouds- your pain
You didn't celebrate the rain

I asked you, please, just look beyond
The sky above - the evening dawn
It's beautiful - just close your eyes
I want you to be mesmerized!

Bridge

...you'll see
Time is the key...

CHORUS

If you only knew
What's in front of you
Your dreams would all come true
'Cause you would see them through.
If you only knew
What's inside of you
I've got this awesome view
And I'll share it too
Oh... If you only knew...

I asked myself what could I sing
Bring out the good in everything
Inspire all to do what's right
Pay tribute to the morning light

And thank our God for all that's good
Help us love the way we should
Oh- Take the time, you'll realize
The hope that's found in hard goodbyes...

...you'll see
Time is the key...

Chorus

For right now
Believe somehow
That love will find a way.
Live your life
With love not strife
This is no better way.

Chorus
